rounds

IN STEALTH

REIMAGINE  
VENTURES

**Ofir Erlich founded  
CloudEndure which was  
acquired by AWS. His new  
startup Eon.io is raising a  
new funding round at  
\$4 billion valuation 2 years  
from inception**

**Pavel Gurvich started Guardicore and sold to Akamai for \$600M. His new startup Tenzai raised \$75M seed while in stealth**

**Shai Morag is Tenable's ex  
Chief Product Officer and  
the former CEO and co-  
founder of Ermetic  
Raised \$60M from Accel  
and Graylock while in  
Stealth**

**Shay Sandler and Eli Rozen,  
founders of Vega, are about to  
announce tens of millions in  
new funding just weeks after  
raising \$65M series A while in  
stealth**

**Yossi Torati, a former exec  
at Sygnia, raised tens of  
millions from Cyberstarts  
and Accel while in stealth**

**Ziv and Oded Kedem sold Zerto to HPE, and started a new company in stealth which already raised significant funding from Bessemer and Norwest**

**Nir Zuk was the founder and driving force behind PaloAlto Networks (\$91 billion market cap). His new startup in stealth already attracted funding from Graylock**

**There's never been a more  
exciting time to build!**
